Re-Design: User Interface

Persona 1:

Name : Mike
Works from home
Has a cat called Tubbt
Lives in Chicago, IL
He's has to go on visit his mother for 2 weeks as she's in a hospital in IA
His family and friends are not available to watch his cat and it's not in his budget to pay for pet sitter for 2 weeks
Mike I needs a pet sitter

Persona 2:

Name: Jackie and her son James
Live in Chicago IL
They have no pets but they both loves cats
And they would love to pet sit and play with a cat or two
Cats don't require daily walks as it'll be convenient for Jackie so she can stay home

Persona 3 :

The tail of two kittens the owner is about to go on unepected vacation but he can't take them
They needs loving home for a week preferably that has some outdoor space so they can play outside

They like play espcially in guradns chasing butterflyes

Persona 4:

Mr. Darell McMuffen has beautiful gurden
His spends a few days a week outside tending to his plants
So he'd like to volunetter to watch a pet that enjoys the outdoorsn

Note changes: cut back on user personas to make sure my app can properly function with just a few users and expand to include other types of pet and users
